A Division of Rodenhiser Excavating

Acton Residential Customer

Renovations at this Acton home included major landscaping features; stone walls, brickwork, a spectacular two level waterfall with stone steps down to a pool for the owner's koi fish together with landscaping, add beauty and value to this property.

Front Yard

Side and Back Yard under construction

The project begins with brickwork ...

Brick patio during installation and the finished patio for the family to enjoy.

Moving onto stone walls...

Beautiful stone walls will frame the yard and tie into the waterfall.

Waterfall with lower pond under construction...

...Stone steps up to the waterfall

Upper and Lower Falls with fish pond at the bottom

A beautiful outdoor space!

Note: Netting was installed over the fish pond to protect the koi fish from birds of prey.

Problems with your Yard? ...

- Do you have Trees to cut down?
- Low spots in the yard you want filled?
- Hills you want removed?
- Drainage problems you want corrected?
- A “VISION” you need help to realize?
